★ PAID IN PHYSICAL CASH • PUBLIC FREEDOM HANDOUT ★

CASH IS FREEDOM.

No Surveillance. No Middleman. No Shutdown Switch.

PEER-TO-PEER EXCHANGE
ZERO DATA SURVEILLANCE

Why did I hand you this card with my cash?
Because every card tap and phone scan permanently logs where you go, what you buy, and who you deal with inside a surveilled banking grid. Physical cash is the last private, offline, peer-to-peer tool for human **liberty—and if we stop using it, the state will eliminate it forever.**

1. HARD TO TRACK	2. 100% OFFLINE	3. FUNGIBLE & FREE
Zero digital data trail. 100% private exchange.	Works when power fails or networks go down.	Outside bank control. Cannot be frozen.

KEEP CASH ALIVE: SPEND IT • ACCEPT IT • DEMAND IT

WHY USING & ACCEPTING CASH PROTECTS US ALL

DEFEND HUMAN LIBERTY

1. DEFEATS MASS SURVEILLANCE

Digital payments are heavily surveilled, logging every purchase, location, and habit. Cash is hard to track—letting you transact privately without a data trail.

2. WORKS WHEN POWER GOES OUT

Cash is 100% offline infrastructure. When cell towers fail, payment servers crash, or the power grid goes down, physical bills keep people and shops running.

3. OUTSIDE THE BANKING SYSTEM

Cash is fungible and permissionless. No bank or state algorithm can freeze a bill in your hand, skim swipe fees from local trade, or dictate what you may buy.

4. USE IT OR LOSE IT FOREVER

As young people voluntarily opt out of cash for surveilled digital apps, it becomes easy for the state to abolish cash entirely. Circulation keeps it alive.

★ CALL TO ACTION ★

CHOOSE CASH

HOW YOU CAN HELP KEEP CASH ALIVE TODAY:

1. Pay with physical bills at local shops 2. Welcome & accept cash proudly

3. Keep emergency bills offline at home 4. PASS THIS CARD TO THE NEXT PERSON →
